**Report on the election observation of the parliamentary
elections on May 5 in Nagorno-Karabakh**

On May 3, 2015 three MPs from the AfD faction in the Brandenburg parliament, Mrs. Christina Schade, Mr. Andreas Galau and Mr. Andreas Kalbitz took part in the international election observation mission of the 4th parliamentary elections in the Republic of Nagorno-Karabakh.

In the course of the election observation six polling stations were visited: Stepanakerk (2/14), Aigestan (11/33), Lusadzor (11/36), Tsachkaschat (11/41), Reff (11/40) and Khachen (11/38).

A spontaneous visit to the polling station Reff (11/40) occurred outside the route proposed by the Electoral Commission to observe elections.

No irregularities were noted in all polling stations observed during the electoral process.

The observed electoral process fully complied with the conditions defined by the OSCE democratic standards as to conditions and the conduct of democratic elections.
